Commune Election Appeal

Dear Friends and Supporters,

2012: The year we end oppression in Cambodia

The Commune Election is an important event for the Cambodian people. This is the time for which the Cambodian people can elect into their local offices; people of good characters. The SRP will file candidates into 1621 communes out of 1633.

Why is the commune election important? It is important for this is where the root causes of oppression on the Cambodian people began. It is here that the CPP stopped Cambodian people from getting documents to register to vote. It is here that the CPP hand out voter registration to illegal immigrant.

Help SRP end oppression, promote justice and uphold dignity for the Cambodian People. It is easy, fun and makes a real different to the Cambodian people who live under oppression on a daily basis.

Invite your friends, family, colleagues, classmate to help make a difference by supporting the SRP to raise fund for the commune election.

No matter how much you choose to fund raise with us, you have the power to change lives in Cambodia.

I see a future for my children since the SRP came into our commune. I pledge as long as I live I shall give the best for my children' - Chann Seuor – a local villager.

YOU CAN MAKE A DIFFERENCE

Sam Rainsy Party takes this opportunity to thank its supporters for all their support and appeal for all to continue the support, especially in this crucial time for our party and our nation.
